

Fast, crisp, and sharp scans of regular and oversized documents

Scan and collaborate with more power in every pixel

Faster: Spend less time scanning and instead focus on what matters to you. Scan A0 / E size color documents in just 3 ½ seconds and get all the details you need.

Smarter: Works the way you do. Collaborating with large plans and documents suddenly becomes a seamless part of your day-to-day operation. IQ Quattro is networked with your entire workgroup and Cloud enabled so anybody in your project team can use it from their smartphone.

Better: Shadows and unwanted background are suppressed leaving you with crisp, sharp and natural scans – ready to be used in your continued workflow.

Unique technology: With Context CleanScan CIS modules, superfast Ethernet and award-winning Nextimage software, Context IQ Quattro is the leading scanner for technical projects.

IQ Quattro is recommended for workgroup usage

Cloud enabled with PageDrop

Up to 14 ips in color across corporate networks

Guides for easy handling

1 Scanning speeds depend on document width and computer configuration. Contex recommends Intel Core Duo, Core 2 Duo, or better processors, 2GB RAM, Hi-speed USB2. Speed tests performed using Nextimage software, PC with Intel Core i5-2500 Quad processor, 8GB RAM, Hi-speed USB2, 7200rpm HDD, Windows 7 64-bit Ultimate.

2 Requires optional scanner stand.

3 Contex CleanScan technology is based on custom CIS modules with Dual sided LED light and Dual Diffusion.

4 Signal Intensity Matching (SIGMA) is a Contex Patent. Sensor heating during a scan can cause inhomogeneous images. Thanks to Contex innovative thinking Contex IQ Quattro scanners will minimize sensor differences LIVE during a scan.

5 Color Fringe Removal (CFR) is a Contex Patent. Color Fringing is a natural consequence of CIS technology sequentially flashing R-G-B. Thanks to Contex innovative thinking CFR will remove this problem with advanced filter technology.

6 Contex applications creates industry standard raster file formats that can be used in any CAD or GIS application.

7 Requires optional Nextimage software.

All trademarks remain the property of their respective holders, and are used only to directly describe the product being provided. Their use in no way indicates any relationship between Contex A/S and the holders of the mentioned trademarks.

IQ Quattro scanners are ideal for **project workgroups**. Scan documents and enhance your files in AutoCAD®, ESRI® and others. Share through **cloud solution**.

Faster in color, Better image quality, Cloud enabled, and Unique technology

Height adjustable stand for optimal ergonomics

Suppress shadows and unwanted background

Excellent lines with Context CFR (color fringe removal)
