# Shareable Scanner with Built-in Network

## High-Speed Scanning

70 ppm / 140 ipm (KV-S1058Y)  
45 ppm / 90 ipm (KV-S1028Y)

\* A4, Portrait, 300 dpi, Binary/Colour

**Space and Cost Saving with  
Network Connectivity**

**Easy Scanning with  
a Simple Operation**

**High Work Efficiency with  
High Speed ADF Scanning**

## Space and Cost Saving with Network Connectivity

With just one Scanner with Built-in Network, you can share scanning with other people. This can save you office space and operation cost.

Register scanning conditions in advance, then send scanned documents directly from the scanner to an FTP server, an SMB folder, or email without using a PC\*1.

\*1 There are restrictions on scanning functions and file formats when scanning without PC.  
\*2 It is necessary to connect the scanner with the PC used to pre-register a job in Image Capture Plus, a Panasonic original software.

## Easy Scanning with a Simple Operation

Single-touch operation is possible with pre-setting of fixed jobs. This makes future scanning operation fast and simple.

## High Work Efficiency with High Speed ADF Scanning

You can boost your work efficiency with 100-sheet ADF capacity and high speed scanning.

\*1 When scanning a document larger than A5 size at high resolutions over 600 dpi, the scanning may fail due to insufficient memory.

\*2 The scanning speed differs depending on the host computer, the operating system, the application, the measuring method, the quantity of data in the image, and the paper type. The scanning speed depends on a measuring method of Panasonic. In case of using this unit with a LAN connection, the scanning speed may be slower due to network traffic.

\*3 Using "Long Paper", you can scan long documents by splitting them into smaller parts.

\*4 Use the carrier sheet [KV-SS077] to scan passport. Depending on the condition (operating environment, dirt, scratches, etc.) of the carrier sheet or passport, the image processing function may not work properly. Scan beforehand to confirm the scanned image.

\*5 Less than 100 mm (3.9 in.) length paper or legal size: 75 sheets

\*6 The power requirement differs depending on the country/area.

\*7 If connected to a network device (hub, router, etc.) that supports IEEE802.3az.

\*8 When being used on more than 2 PCs, OCR function is optional.
